EDUCATION

Chitkara University

B.E. in Computer Science Engineering | CGPA: 8.7 / 10.0

Aug 2023 – May 2027

Baddi, HP

TECHNICAL SKILLS

Languages: C++, JavaScript

Frameworks & Libraries: Node.js, Express.js, React.js, Socket.io, JWT

Databases & Tools: MongoDB, MySQL, Git, GitHub, Postman

Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

PROJECTS

CargoNepal | Node.js, Express.js, React.js, MongoDB, Socket.io, JWT

Sept 2025 – Dec 2025

- Built a MERN logistics platform with 3 role-based dashboards, email OTP + JWT auth, and geolocation-based truck filtering (OpenCage API) — demonstrating object-oriented design and multi-tiered system architecture.
- Engineered a real-time booking engine with Socket.io push notifications and conflict detection; applied distributed systems thinking to handle concurrent booking lifecycle events at scale.
- Designed RESTful APIs with rate limiting, input sanitization, and CORS controls; implemented fleet management, reviews, and an admin analytics dashboard — highlighting scalability and security best practices.
- Implemented automated email notifications for registration and booking events via NodeMailer.
- **Live:** cargo-nepal-final.vercel.app

SafeHer | React.js, TypeScript, Solidity, IPFS, Ethereum, FastAPI, Supabase

Apr 2025

- Built a decentralized women-safety app with one-tap SOS, real-time GPS sharing, and an Ollama AI chatbot for crisis guidance — combining distributed systems (blockchain) with low-latency event-driven design.
- Stored tamper-proof evidence on IPFS (Pinata) and recorded incidents on Ethereum blockchain via Solidity smart contracts, demonstrating fault-tolerant storage and index system design principles.
- **GitHub:** github.com/Sanjaycodes019/HackIndia-Spark-5-2025-Gorkhe

EXPERIENCE

Regional Winner – HackFest 2025 (SAP-Sponsored)

May 2025

Team Gorkhe | Chitkara University

Chandigarh

- Competed against 150+ teams across universities in the SAP Hackathon Regional Round; selected as one of the Top 10 winning teams, demonstrating ability to deliver high-quality software under pressure.
- Rewrote the entire solution approach two days before the deadline, showcasing bias for action and comfort handling ambiguous, undefined problems.
- Qualified for the State Round, representing Chitkara University at the next stage of HackFest 2025.

Team Lead – HackIndia Spark 5 (National Hackathon)

Apr 2025

Team Gorkhe | Chitkara University, HP

24-Hour Sprint

- Led a 4-member team; conceptualized and delivered SafeHer, a full Web3 + AI safety app in 24 hours, managing architecture decisions, task delegation, and end-to-end delivery.
- Solely pitched SafeHer to the national jury; secured Top 15 out of 100+ teams at first-ever hackathon participation demonstrating ability to effectively articulate technical challenges and solutions.
- Demonstrated agile execution and cross-functional collaboration under zero sleep in a high-stakes national sprint.

ACHIEVEMENTS

- Top 10 Winner — HackFest 2025 Regional Round (SAP-sponsored); selected from 150+ teams, May 2025.
- Top 15 Teams — HackIndia Spark 5; competed as Team Lead out of 100+ teams in a 24-hour national hackathon.
- 1st Place — University Prompt Engineering Competition 2025; ranked 1st among all participants.
- Solved 300+ DSA problems on LeetCode & GeeksforGeeks.
- Perfect Score (100/100) — Discrete Mathematics; certified by Dr. Ashok K. Chitkara, Chancellor, Chitkara University (2024).

LEADERSHIP & EXTRA-CURRICULAR

- Team Lead, HackIndia Spark 5 — Led 4-member team; managed architecture decisions and delivery in a 24-hour national sprint.
- Student Leader, Red Cross Society — Contributed to humanitarian drives and community outreach on campus.
- **Soft Skills:** Problem Solving · Bias for Action · Team Player · Leadership
- **Interests:** Backend Infrastructure · Calisthenics · Guitar · Sketching
